PAY FOR THE CITY'S HEALTH

Puzzle as to Where to Get Funds to Pay Employees.

IS UP TO THE CITY COUNCIL

Sheldon Says There Are No Funds Upon Which the Council Could Possibly Draw to Make Up the Deficiency.

The last connection between the city payroll and Dr. Young, the veterinarian from whom the council took away the job of milk inspector, has been severed by Health Commissioner Connell, who notified the council Tuesday night that Dr. Young and nine other inspectors would be laid off October 1 unless some provision is made to pay them from other funds. Dr. Young formerly received \$10 a month from the city, but half of his income went with the work of inspecting dairies.

The others slated for removal, all of them receiving \$7.50 a month, are Sanitary Inspectors Charles Burnett, Frank J. Fize, H. B. Milder, Gust Hartman, Walter Johnson, August Specht, Milk Inspector Joe Scully, Assistant Milk Inspector Claude Bossie and Samuel Rothwell, garbage master.

The funds for Dr. Connell's department were estimated by the finance committee of the council without any consultation with him. He was allowed \$22,500 after asking for \$23,000. There is now \$2,110 left to cover a three-months payroll of more than \$5,000.

After he had been allowed \$5,000 less than he asked for he appointed several inspectors more than were customary and their positions have had only a nine-month's life. With the ten best gone, he will have left, in his own service, costing \$106.57 a month, Dr. Langford, inspector of contagious diseases; Dr. Langford, bacteriologist; Esau Fleischman, meat inspector; E. J. Daemon, fumigator; E. M. Bence, sanitary inspector; Thomas Harrington, clerk; Victor McDonough, sanitary inspector; a watchman, a stenographer and a clerk.

Breed for Another Fund.
Charles E. Breed, special veterinarian, who manages the packing house and slaughter house inspection, while he is not busy with his theater or his theater companies, receives \$125 from a different fund, and has an assistant at \$60.

Councilman Rogers, chairman of the finance committee, says there are no possible funds upon which to draw for the salaries of any of the retired officials and they will have to be laid-off unless the

council takes some other action in the committee of the whole. Payroll of the health department, monthly:

Steps are being taken by the National Indian War Veterans, an organization, with headquarters in Denver, Colo., to commingle with all veterans throughout the country, concerning the move to get pensions for them. Word has been received here asking for the names of the Indian war veterans in this section, so that they may be used for the compiling of the proposed pension list.

It is announced that two delegates will be sent to Washington to inaugurate a vigorous campaign for the pensions. The delegates will be Henry Hewger, the national commander and C. R. Hauser, the national secretary.

Foreigners to the Number of 192 Have Declared Intention of Becoming Citizens in Two Days.

Foreigners to the number of 192 made declaration of their intent to become citizens of the United States in the office of the clerk of the district court Tuesday evening, making the total declarations for two days 192. The avalanche of declarations, at this time, is due to the section of the naturalization law, which extends the suffrage privilege to persons who have made declaration at least thirty days before the election, as well as to those actually have been naturalized.

New "Double Service" House Dresses

Here's a dress that one puts on and off like a coat. They have a reversible overlapping front, similar to a double breasted garment. To each front section is attached a belt strap, which fastens by means of snaps in the back. There are no buttons or hooks and eyes of any kind. The garment comes either with high or low neck, fits perfectly snug and is more trim and neat than ordinary kinds.

They are very easily laundered for they open out flat. The fronts being reversible (either side worn outward), gives a double service to them. Slender or stout women, long or short waisted women can wear them with equally pleasing effects.

Ask to see them; you'll thoroughly appreciate their many advantages. Exclusively at Bennett's. Good percales and fleeced fabrics, best dressmaker finish..... **\$2, \$2.50, \$3**

DOUBLE S. & H. GREEN STAMPS WITH EACH TON OF COAL THIS WEEK

Be wise, buy your winter's supply of coal now. Old prices are still effective, but the outlook is for an advance, when cold weather sets in. The long strike has made immediate supplies inadequate for the demand.

Buy CAPITOL COAL, we guarantee it to be equal to highest priced soft coal mined. Thousands of families have used it year after year. Full weights always.

Don't forget the double stamp offer for the week.
